

Help me Congratulate our Spotlight this month ... Mr. Michael Miller!!

He has been with CSCS since May of 2022. "He is described as being an asset to the Home since day one."

"He makes sure that all tasks assigned are completed and he jumps right in to help wherever needed, no matter what."

"The residents really like him and he is "amazing" with them."

As I read his Questionnaire, he reminded me of the Lynyrd Skynyrd song "Simple Man". One who enjoys the simple freedoms of life and who takes the time to cherish the beauty around him. A caring man with lots of love to share with those he comes into contact with.

He says his favorite thing about the company is the residents and his co-workers.

His best workplace memory was how excited a resident was at Christmas time.

In the Summer he enjoys our beautiful beaches, drives in the country and bon-fires. His favorite summer foods are BBQ and cold salads.

His next vacation will be in his back yard with a bon-fire!

He has a brother and a sister, 3 nieces and 3 nephews.

He enjoys growing plants, fishin' my tanks and pets.
